NYAFEC End of Session Bill Watch

The Hannon Nitrogen Bill, S. 9099, has been heavily lobbied. Tuesday The Vandervort Group, LLC on behalf of the New York Alliance for Environmental Concerns sent a Memo of Opposition "Sign-On Letter" to Senate leaders with 4-5 coalition groups included on the letter. From what we are hearing, the bill is not going to happen this session. We will not be able to confirm that officially until session ends, but all signs point to the bill being killed.

The neonic bill is still a one-house Assembly bill. Tuesday it was laid aside on the Assembly floor. If it comes up for debate, we will email links to watch the session, and report back with any debate comments.

We will be monitoring both houses all day and into the night and will report any activity to you along the way.
